

## Compliance Made Easy With Eurofins E&E

In today's highly competitive world of technology, **where safety and trust are paramount**, navigating complex regulatory landscapes can feel daunting. But what if compliance was no longer a hurdle **but** a seamless part of your journey to market? At Eurofins MET Labs, we've spent over six decades crafting a better way—one where precision, expertise, and trust come together to bolster your product's market entry.

**Whether you're** a global brand or **an emerging innovator**, we deliver more than just certification to our partners. Behind every product with the **globally recognized** MET Mark lies a story of rigorous testing and unwavering quality. Trusted across 53 countries, this certification opens doors to markets and strengthens consumer confidence.

1

### **A Mark That Matters:**

We know time-to-market can tip the scales for or against you. **That's why** we streamline every step in the compliance process—our average testing turnaround is just two weeks, and only two follow-up inspections per year keep disruptions to a minimum.

2

### **Your Time is Precious:**

Our experts work as an extension of your team, helping you identify challenges early and navigate them with precision. From the first design sketch to your final certification, we're with you every step of the way.

3

### **Guidance You Can Count On:**

Whether it's certification for **Audio/Video and IT Equipment (UL 62368-1)**, Laboratory Tools (UL 61010-1), Industrial Control Panels (UL 508A), or Household Appliances (UL 60335-1),\*\* our comprehensive testing services cover over 230 standards for the U.S. market alone. **Yet, it's more than just standards.** We understand your unique needs and pledge to deliver solutions that don't just certify safety **but prepare your products for market success.**

## Where Product Excellence Meets Compliance

Whether it's certification for **Audio/Video and IT Equipment (UL 62368-1)**, **Laboratory Tools (UL 61010-1)**, **Industrial Control Panels (UL 508A)**,

or **Household Appliances (UL 60335-1)**, our comprehensive testing services cover over 230 standards for the U.S. market alone.

Yet, it's more than just standards. We understand your unique needs and pledge to deliver solutions that don't just certify safety but prepare your products for market success.
